Kshitij Chaurasiya

Results-oriented software engineering professional with experience in building secure applications. An excellent team player with a positive attitude. Seeking for learning more interesting technologies.

Work History

2018-07 - Current

Associate Software Engineer

Veritas Technologies LLC, Pune, Maharastra

- Worked on different Virtualisation Workloads like **VMware and RHV.**
- Build Code infrastructure for solving Man in the middle attack by using **CA Certificate and CRL validation**.
- Collaborated with cross-functional development team members to **analyse potential system solutions** based on evolving client requirements.
- Design **C++ infrastructure** for consuming third party APIs.
- Debugged code and **located root causes** of problems by reviewing configuration files and logs.
- Automate some product functionality in in-house framework in Perl.
- Populate and parse java APIs.

2017-06 - 2019-08

Data Scientist Intern

Edelweiss Financial Service, Mumbai , Maharastra

- Developed **Email Classifier from the scratch** for HR operations.
- It Automatically labeled the Email into **20 categories and 40 subcategories**.
- Used different python libraries like **NLTK, Gensim, Sklearn, Spacy**.
- Deploy it into using **Flask framework**.

2017-12 - 2018-01

Data Science Intern

GradMint (US Based Startup)

- Worked on mainly text data preprocessing and

Personal Info

Address
Pune, MH, 411001

Phone
787 521 0800

Skills

C/C++

Algorithm implementation

Virtualization technologies

Machine Learning

Object oriented programming

Java(Basic)

Perl

Natural Language Processing

SSL certificates

Python

Git/Github

transforming into term-document matrixes.
- Used regex for cleaning Text data.
- Calculate similarity between different documents using different algorithm.

Projects

Comment toxicity analysis
- Used supervised learning for finding toxicity on social media comments.
- It can be used as a python API for comment analysis.
- Deployed on server using flask framework.

Python Scripts
- Tweet Speak: It fetches tweets from server and convert it into speech.
- Python script used for hiding and unhiding Mac folder with or without GUI.

URL Shortener
- A web application that shortens the long URL using node.js and express.
- Used Encoding techniques and store it into mongoDB database.

Accomplishments

Summer Intern Program on Embedded System(Beagle Bone black)
- Design PCB from the scratch which used as taking ohm meter.

Coding Competition
- Participate and won many coding and debugging competition all over city.
- Secured 1123 rank in ACM-ICPC all over india.

Sports
- Participate and won many basketball tournaments all over city.
- Played and won Pune university cricket tournament.

Web development

Statistical analysis

Interests

Cooking

Playing sports (Outdoor)

Watching Anime

Cycling

Education

2014-07 - 2018-06

Bachelor of Engineering: Information Technology

Army Institute of Technology - Pune

Overall 75.88%

- First Year: 72 %
- Second Year: 76.47%
- Third Year: 76%
- Last Year: 78.88 %

2013-03 - 2014-05

Senior Secondary (10+2)

Army Public School - Lucknow

Percentage: 92.2%

2011-04 - 2012-03

High School (10th)

Kendriya Vidyalaya SGPGIMS - Lucknow

9.0 CGPA
